*Garlic Mustard:*

## *From Pest to Pesto*

Now in its third printing, *From Pest to Pesto* is now available for a limited time. KNC's original 24 page Garlic Mustard cookbook was created as a fun and educational tool to help inform the public about the invasive Garlic Mustard plant. Some of our area's finest Chefs developed creative *and* delicious recipes to help combat the spread of this biennial pest.

If you would like to obtain copies for your group or organization, the Kalamazoo Nature Center will offer them for a donation of \$5.00 per copy (plus shipping)
